

← Trail to Falls

Mink Falls

29 Km From VIC

Parking

Mink Creek Falls, located 20.3km from the Marathon Information Centre, and 16km from the Marathon turnoff is a must see attraction when staying in the Marathon area.

While driving along highway 17 due west, you will pass red and white airplane markers overhanging the highway. After passing the markers look for the Mink Creek sign (you will see the creek flowing along the right side). After a short right turn, there will be a gravel parking on the right side. After parking cross the road and follow the trail that leads directly to the falls.
