

RAIN BARRELS

Save water, save money!

\$50.00
+HST

Rain Barrels are available at Town Hall, 4 Hemlo Drive.

Rain Barrel Features:

- Removable screen top
- 220 litre capacity
- Overflow hose
- On/off
- Reused product (food grade barrels)

Install a rain barrel and you'll be giving your plants non-chlorinated soft rainwater at just the right temperature.

Rain barrels also help alleviate drainage and run-off problems, reduce the load on storm sewers and wastewater treatment facilities, and help reduce peak water demands in hot summer months.

The Water Conservation Program is supported by the Town of Marathon and delivered by EcoSuperior Environmental Programs.

*** There are a limited number of rain barrels available to Marathon residents with a current water account & proof of address.**

First come, first served.
