## Welcome To Marathon

*Canada's First Sri Chinmoy Peace Community.  
Where a stranger is defined as a friend you haven't met yet.*

Sri Chinmoy is a spiritual teacher to students in over sixty (60) countries around the world. Through the art of song, dance, literature and speech, Sri Chinmoy encourages a lifestyle that balances the inner disciplines of prayer and meditation with the dynamism of contemporary life. Because Sri Chinmoy's admirable dedication to peace on earth, Marathon is honoured to be named as Sri Chinmoy's first Peace Town.

To be a part of a process that promotes peace and goodwill among all people of the world is not only an honour, but a great responsibility. As our name implies, Marathon is a town of strong faith, stamina and endurance and therefore is eager to take on this responsibility. Quality of life issues drive in our community to achieve the best of all worlds both for our citizens and as a model community to others. We strive for the perfect balance between people and industry, spiritual values and economic reality, work and leisure, mind and body.

Marathon joins Sri Chinmoy in his quest for true peace and harmony based not on some sense of charity, but out of a commitment to justice and peace for all.
