

Town of Marathon Guideline

Town Of Marathon 	Guideline: Penn Lake Trail	Section: Community Services
	New <input checked="" type="checkbox"/> Effective: May 29, 2020 Revised <input type="checkbox"/> Supersedes Policy dated: Reviewed <input type="checkbox"/> Date:	
Guideline No. CS0018	Approval: 	Page 1 of 1

Purpose:

To allow for fair and consistent consideration for new decoration additions to the Penn Lake Trail while still maintaining the natural integrity of the trail.

Scope:

Outlining the acceptable criteria for new additions of decorations to the Penn Lake Trail, and the process for residents to submit their items for consideration.

Guideline:

The Town of Marathon is aware of the differing opinions relating to the addition of decorations to the Penn Lake Trail.

While the addition of items in the trail has added a sense of wonder to younger residents and visitors, maintaining a natural environment and the true integrity of the trail is the Town's main objective.

The rules set forth in this guideline will provide clear direction on the acceptable decorations and process for residents who wish to add their decorations to the trail.

- Decorations must be made of raw, natural material. Plastics, metals, glass etc. will not be allowable.
- Decorations must be pre-approved by the Community Services department by submitting requests via the town website. Items will be reviewed and a response provided within 14 days.

Decorations that have not been pre-approved, or that have been denied, will be removed from the trail and disposed of.
