Purpose:

The purpose of this Policy is to recognize the Town’s obligation to facilitate the implementation of Customer Service Regulation (Reg. 429/07) of the Accessibility for Ontarians With Disabilities Act, 2005 (AODA).

Scope:

Staff, volunteers, contractors, and any other people who interact with the public or other third parties on the Town’s behalf or are involved in developing policies, practices and procedures on the provision of the Town’s goods or services.

The Town strives to provide services to all residents and visitors, including those with disabilities. Through our Accessible Customer Service Standard Policy, the Town will make reasonable efforts to ensure the following:

- Goods and services will be provided in a manner that respects the dignity and independence of persons with disabilities;

Guide Dogs, Service Animals

If a person with a disability is accompanied by a guide dog or other service animal, the Town will permit the person to enter the premises with the animal and keep it with him or her, unless the animal is otherwise excluded by law from the premises. If the service animal or guide dog is excluded by law, the Town will look to other available measures to enable the person with a disability to obtain, use or benefit from the Town's goods and services. All other animals are prohibited in any municipally owned and operated building or facilities, vehicles and equipment leased or owned by the Town (By-Law No. 1598).

Support Persons

If a person with a disability is accompanied by a support person, they are permitted to enter the premises together and are not prevented from having access to each other while on the premises. The Town may require a person with a disability to be accompanied by a support person while on its premises, but only if a support person is necessary to protect the health or safety of the person with a disability or the health or safety of others on the premises. Where fees for goods and services are advertised or promoted by the Town, it will provide advance notice of the amount payable, if any, in respect of the support person.

One Person - One Fare Policy

Persons with cognitive, visual or physical disabilities that create a barrier to independent use of municipal facilities, programs and events shall apply annually to the Marathon Community Services Department to advise that he/she requires a support person. Approved applicants shall be issued a Personal Attendant for Leisure (PAL) card permitting them and one support person access to any municipal recreation facility, program or event according to the policy of "one person – one fare". The policy of "one person – one fare" shall be adhered to, i.e., a person attending a municipal recreation facility, program or event and who is accompanied by a support person, shall be charged only one fare or admission. The fare shall be based on the category of the person with the disability, i.e., adult, student, child or senior.
